🧬 Skills

💻 Technical skills

> ⚙ **Back-end**

node.js ·

> 🛢 **Databases**

SQL · MongoDB ·

> </> **Programming Language**

C · C++ · python · java

> ✂ **Tools**

Visual Studio · Octave · Codeblocks

> 🐧 **OS**

Windows· linux

👉 Soft skills

- ❯ Problem-solving and critical thinking
- ❯ Communication
- ❯ Self-awareness
- ❯ Self-learning
- ❯ Time management
- ❯accountability

💼 Project

I have worked for some of the projects here are some of them:

1. one website named Dream Dorm using Database &Sql

it was a group project I had worked for backend purpose using node js on mongodb and I had also used visual studio.

DreamDorm website.pdf

2. Simulation for bankers algorithm using javascript, css, html.

bankers.html

3. Research paper on Improved quality of database.

DBMS Research paper.pdf

4. A miniproject on Network Monitioron using overleaf latex ,matlab & Octave

mini project.pdf

🎓 Education
